

ECO CLUB OUTREACH PROGRAMME – NOV – 2022

The Eco Club conducted an outreach programme on 19th Nov 2022, in which the volunteers of Eco Club has visited the Christ Hospital. The main purpose of this event was to enhance awareness about the importance of tree plantation and awareness about the significance of the plant wealth for a clean, green and healthy environment.

In presence of Fr. Joseph K.S and Fr. Bipin Thekkekara, administrator of Christ hospital, students and teachers planted the saplings along the road side and then watered them.

After plantation Fr. Joseph motivated all of us with the passionate speech on tree plantation. Father explained that when you plant a tree you plant a life. He addressed the students as future caretakers of environment. He also asked the students to take oath that they will celebrate their birthday every year by planting a sapling.

This opportunity of outreach programme of tree plantation helped the students to build a sense of responsibility and sensitivity towards the society.

Day:- Saturday

Date:- 19/11/202

Venue:- Karuna Bhavan [Christ Hospital]

Time :- 11:45pm

We the students of class 8th of MCCHS got a fruitful opportunity to visit Karuna Bhavan an old age home in the compound of Christ Hospital. Thanks to our Principal Sr. Nithya who gave us this oppurtunity.

When we entered the Karuna Bhavan, we were welcomed by the sisters over there. Then there were some performaces to encourage the people present over there. We gave them some snacks and help. Then we met the father incharge of Chest Hospital. He told us about cancer patients who didn't have enough money to pay there bills. The only way to reduce cancer was by planting more and move trees. We have planted about 30 plants over there then Father gave us some candies as a gift.

By this Outreach programme we, the students of MCCHS have learned that

- ❖ We should always help the needy ones whenever possible.
- ❖ We should always love our parents Iand grandparents too.
- ❖ Plant more and move trees.
- ❖ When we'll get time we'll spend it with our parents and grandparents

Day Monday

Date: 21-11-22 [21st November 2022]

Venue - MRC school [M.C.C.H.S]

Time: 1:45 pm

On Monday the students of VIII got a golden opportunity to visit the MRC School. Special thanks to the Principal Sr. Nitya and the teachers that made this event happen. It was a good learning experience for us for understanding their daily life struggles and interacting with someone different than us.

Some of our friends performed very interesting Performances like group songs and group dances we Shared some moments of Joy with them we got to communicate with them, they get tried their best to interact and Communicate with us the principal of MRC school Sister Dip also explained us their conditions of living how they need a different approach in learning than us we would say that Personal attention is required more to educate them and so is technology some of them have mental disabilities and some have physical ones all of them put their best efforts to learn and many different techniques are coming up for such children in today's world and in the end we gave them some candies to end the event on a sweet note.

We would say these kids are really 'special' in their own ways. We know that society gives them labels because of their disabilities but they are truly inspiring so from now on we promise to make some resolutions such as

- ❖ Whenever we get a chance to meet Such like Some People in Social events Carnivals, and so on we will try to comfortable.
- ❖ We will try to donate as much as we can not just money talk to them and make them smile.
- ❖ Try our best to lit their lives with joy.

In the end ~~now~~ they get a life they can cherish.

Day Tuesday

Title: Adolescents – “Is it a challenge”

Date: 29-11-22 [29th November 2022]

Venue – Auditorium MCCHS

Time: 8:30 am

A seminar on Adolescents – “Is it a challenge” for parents of classes 5, 6, 7 and 8 was organized by Mount Carmel Convent High School, Chandrapur. The resource person for the seminar was Dr. Preeti Chawhan. The seminar started at 9.00 am with a welcome address by Mrs. Susmita Mondal.

Opening and introduction of the seminar was beautifully presented by Preeti Ma'am. She explained about good parenting and also discussed about problems faced by the children during adolescence and puberty.

A PPT was shared showing the four parenting styles – (Permissive, Authoritative, Neglectful and Authoritarian). She spoke about the journey of parenting that it is not easy, it is a journey of trial and error, continuous learning and growing together with the child. She helped parents towards achieving the parenting goal. She guided the parents to understand the ways to enjoy the parenting and have a healthy parenting for the children.

At last parents shared their views, problems and interacted with Preeti Ma'am. Many questions, doubts and dilemmas were clarified at the seminar, it turned out to be a highly interactive session.

Our Principal Sr. Nithya gave a small token of gratitude to the resource person and also expressed her special thanks to all the parents. The seminar wrapped up around 11.00 am. The vote of thanks was then delivered by Mrs. Roshni Bhimrao Agdari.

REPORT ON: SEMINAR ON PERSONALITY DEVELOPMENT

On Wednesday 30/11/2022 a seminar was organized by our Sister Nithya, Rev. Father Shinu was the speaker of the day. The moment he came to the seminar, he looked energetic and happy. He asked us lots of Psychological questions that made us ponder about our lives. That day he taught us many things. The first thing he made us understand or explain to us was about the biggest gift of God given to us, life. He told us that we shouldn't live a borrowed or rented life. What's the point of living to impress others ? My life is my life, gifted to us by God. Father Shinu taught us about now we should thank God for everything he's done for us, everything he's blessed us with. Like our family, livelihood. Our body, mind and soul. He taught us that we shouldn't feel insecure or bad about ourselves as God created us perfectly. He taught us to respect others we must respect ourselves. We ourselves must have dignity to treat other with dignity. He taught us to find joy in the work we do, and find passion towards the goal we want to achieve. He helped us realize that the road which we are on, might not be the right one for our goals. When he was talking to us, it felt like he really cared about our wellbeing, it felt that he really understand our problems. He made us feel comfortable and happy. I definitely feel more secure and sure about myself and about my goals I dreams. And we fee; ever feel bad about ourselves we should remember God. God does everything for a reason. We should remember him and of all the things he has gifted us with. Father Shinu taught us a prayer that I / we should recite everyday that was.

“For all that has been thank you and for all that has to come, Amen”

I would like to take Father Shinu for gracing us with clarity and acceptance of ourselves, for reminding us the thing that we should be grateful for, also we are thankful to sister Nithya for going out of her way to organize all of these wonderful seminars and outreach programs, that help us realize the goodness of people and the duties that we as future citizens should do.

Thank You

MEGA SCIENCE EXHIBITION, 2022-23

VENUE: MOUNT CARMEL CONVENT HIGH SCHOOL, CHANDRAPUR

DATE: 05/12/2022

A Mega Science Exhibition was conducted at Mount Carmel Convent High School, Chandrapur on 5th Dec 2022. The exhibition was ornamented by the presence of Fr. Varghese Puthuparambil, Director, Counsellor and guide, Mr. Ashish Jain the guest of honour, HOD, electrical and instrumentation department at Dhariwal thermal power station. The esteemed judges Mrs. Rupali Jiwane, senior teacher at Indira Gandhi Garden School, Mrs. Mary Kutty, senior teacher at Mount Carmel Convent Senior Secondary School and Mr. Yogesh Salphale, renowned orthopedic surgeon of Chandrapur were awestruck by the displays. The chief guest Fr. Varghese in his speech spoke to the students advising them to make projects that would benefit the humanity and to be always curious to become future scientists. The main motive of the exhibition was to develop skills like problem solving, critical thinking, team work, social ethics, scientific temperament and awareness in students.

A massive crowd of parents, alumni, science enthusiasts were keen to see what the exhibition had to offer, entered the school foregrounds. The school was filled with students and their figments of imagination, hard work and knowledge that they culminated into science models both still and working. The students seemed to match the famous quote by Rosalind Franklin, "Science and everyday life cannot and should not be separated". The exhibition not only gave wings to the curious minds but also the adults and teachers seemed to enjoy the display of the Plethora of scientific advances presented. The students were grateful to the lighthouse of the exhibition, Principal, Sr. Nithya, who provided the grand platform for the young minds to put up their creativity.
